 Hull degree 23°
 Fuel capacity 200 litres

Models shown may include optional accessories

Legend 2150

The Rayglass Legend 2150 – not just your average fishing boat!

Like many pedigrees the Legend 2150 is an innovative evolution from its predecessor, the 650, but with added features including new hull design, a higher cockpit floor and a range of new interior options that became the new Rayglass standard in trailerable boats.

Divers will love the easily accessible, huge

underseat storage capabilities for tanks and dive gear, and like all Rayglass Legend series boats they can take the knocks while delivering the goods.

Kit it out as a fishing boat without sacrificing the luxuries, or take 5 minutes to rig it for fun and games on the water!

Take the next step - what could be better than taking a mate fishing for the day?

Having room to take two more!

Rayglass Legend 2150

Stylishly comfortable yet ingeniously practical.
