Recommended hp	200-350

The Rayglass Legend 2350 – Style and Sophistication!

This latest release from Rayglass Boats offers a powerful big-volume boat with the comfort of a hard top. The Rayglass deep-v hull has a strong reputation for its seakeeping capability which is reflected in the Legend 2350's ability to handle rough waters, enabling the skipper to head out wide (to cruise offshore), yet still manageable when launching or docking, and towable with a mid-sized vehicle. Available in both outboard and sterndrive options.

Rough sea...
Tough boats...
Best ride...
No compromise!
