The Rayglass Legend 2800 – we've got the bases covered!

When it comes to trailerable fishing boats *they* say 'You can't have it all.' At Rayglass the only people we listen to are our customers.

Supplying a Legend range from 20 to 40 feet was our first goal - and once we had all the bases covered we started filling in the gaps. Practicality, comfort, style and handling,

convenient yet spacious with optional sterndrive or outboard are commonplace for *Rayglass Legend* boats. So now we also offer you the choice of a standard Hardtop or the new Sports Cruisertop option.

Climb aboard - you'll know we hit another home run with this one!

Rough sea...
Tough boats...
Best ride...
No compromise!
